Key features of Global MBA

An early career MBA, ideal for recent graduates or those with no managerial experience.

A key focus of the course is on enhancing transferable skills, as well as helping you to articulate your abilities and achievements in a way to grab employers' attention when applying for jobs.

You will have the opportunity to participate in exclusive business talks and events, enabling you to build a network of industry contacts both in Denmark and abroad

Benefit from Education 2030, where a simplified 'block learning' timetable means you will study one subject at a time and have more time to engage with your learning, receive faster feedback and enjoy a better study-life balance.
