

Why Sweden?

- . Quality education with affordable tuition fees.
- . Scholarship opportunities.
- . Students can work/ do business full time, No hourly limit.
- . Study gap is accepted.
- . 1 Year Post Study Work (PSW) opportunities after finishing degree.
- . Opportunities to get permanent residence (PR).
- . Students can come with their partner and kids.
- . Partners/ kids can study free of cost.
- . English is used widely, so there is no problem for international students in daily life.

Partner

1. Linnaeus University
2. Kristianstad University
3. University of Bõras
4. University of West
5. University of Skõvde
6. Mälardalen University

Entry Requirements:

1. For Bachelor: Should have 12 class education.
2. For Master: Should have Bachelor with Hon's. For most of the countries student need 16 years of education.

English eligibility:

- . IELTS:6.5no band less than5.5
- . PTE:Overall62(61in Writing)
- . English could be exempted if
 - They have studied Bachelor in English Literature
 - They are MBBS Doctor
 - They have studied in English Speaking country
 - Also, it might vary from country to country. Please ask us to be confirm.

Application fee: 900SEK

Autumn2024intake Sweden

Key dates for autumn semester 2024

All deadlines are midnight CET (Central European Time) at the end of the day on the date indicated. All dates are in 2024, unless otherwise noted.

	Master's, First admissions round	Bachelor's, First admissions round
Application round opens	16 October 2023	16 October 2023
Application deadline + last day to rank your courses*	15 January	15 January
Application fee deadline	1 February	1 February
Supporting documentation deadline	1 February	1 February
Admissions results published	21 March	11 April
Autumn semester starts	Aug/Sept	Aug/Sept

University Of Borås

SL. No	Master Programme for Autumn	Subject Areas	Credits	Tuition fee per semester
01	Master Program in Fashion Marketing and Management	Business Administration, Industrial Economics, Organisation and Management	120	49,000 SEK
02	Master Programme (One Year) in Textile Management	Business Administration, Industrial Economics, Organisation and Management, International Business Management	60	49,000 SEK
03	Master Programme (Two Year) in Textile Technology and Engineering	Materials Chemistry, Polymer Chemistry, Technology, Textile Technology	120	64,500 SEK
04	Master Programme (One Year) in Informatics - Data-driven IT Management	Computer Science, Human-Computer Interaction, Information Systems	60	56,400 SEK
05	Master Programme (Two Year) in Technical Textile Innovation	Technology, Textile Technology	120	64500 SEK

06	Master Programme in Textile Value Chain Management	Industrial Economics, Organisation and Management, Textile Technology	120	49,000 SEK
07	Master Programme in Resource Recovery - Biotechnology and Bioeconomy	Biotechnology, Technology	120	64500 SEK
08	Master Programme in Resource Recovery - Polymer Materials for the Circular Economy	Materials, Construction and Manufacturing, Technology	120	64500 SEK
09	Master Programme in Resource Recovery - Sustainable Energy Processes	Environmental Techniques and Energy Technology, Technology	120	64,500 SEK
10	Master Programme in Information Science: Digital Environments	Journalism, Communication and Information	120	47,050 SEK

University of Skövde

SL. No	Master Programme for Autumn	Subject Areas	Credits	Tuition fee per semester
01	Biomarkers in Molecular Medicine - Master's Programme	Molecular Biology, Systems Biology	120	67,500 SEK
02	Cognitive Neuroscience: Mind and Brain - Master's Programme	Psychology, Social Science and Behavioural Science	60	67,500 SEK
03	Computational Methods in Engineering - Master's Programme	Automation Technology	120	67,500 SEK
04	Master's Programme in Data Science	Computer Science and Engineering, Information Systems	120/60	67,500 SEK
05	Master's programme in Game Development	Computer Science and Engineering, Game development	120	67,500 SEK
06	Master's programme in Digital Narration: Game and Cultural Heritage	Computer Technology, Game development, Media Production, Media Technology	60	67,500 SEK
07	Master's programme in Games User Experience	Computer Science and Engineering, Game Development	60	67,500 SEK
08	Intelligent Automation - Master's Programme	Automation Technology	120/60	67,500 SEK
09	Leadership and Organizational Development - Master's Programme	Business Administration, Leadership, Organisation and Management	60	47,500 SEK
10	Molecular Biotechnology	Biology, Biotechnology, Gene Technology, Molecular Biology, Bioinformatics	120/60	67,500 SEK
11	Systems Biology with specialization in Bioinformatics	Bioinformatics, Systems Biology	120	67,500 SEK
12	Master's Programme in Privacy, Information and Cyber Security	Computer Science, Information Technology	120/60	67,500 SEK
13	Master's Programme in Serious Games	Computer Technology, Game development, Information Systems, Information Technology, Media Technology	60	67,500 SEK

14	Master's Programme in Virtual Ergonomics and Design	Product Development	120	67,500 SEK
15	Master's Programme in Infection Biology	Systems Biology	120/60	67,500 SEK
16	Molecular ecology Masters programme	Bioinformatics, Biology	120/60	67,500 SEK
17	Business Development and Marketing - Masters Programme	Business Administration, Entrepreneurship, Game development, Marketing	60	47,500 SEK
	Bachelor Programme for Autumn			
01	Bioscience - Molecular Biodesign	Biology, Biotechnology, Gene Technology, Molecular Biology, Natural Science	180	67,500 SEK
02	Molecular Bioinformatics	Bioinformatics, Molecular Biology	180	67,500 SEK
03	Biomedicine	Biomedicine, Natural Science	180	67,500 SEK
04	Cyber Security and Network Administration	Computer Science and Engineering, Information Systems, Information Technology	180	67,500 SEK

Kristianstad University

SL. No	Master Programme for Autumn	Subject Areas	Credits	Tuition fee per semester
01	Master of Science in Accounting and Auditing for Sustainable Business Management	Business Administration, Management and Financial Accounting	60	55,000 SEK
02	Master of Science in Marketing for Sustainable Business Management	Business Administration, Business Administration and Economics, Marketing	60	55,000 SEK
03	Master Programme in Computer Science, specialisation in Machine Learning	Computer Science, Computer Science and Engineering, Computer Technology	60	67,500SEK
	Bachelor Programme	Subject Areas	Credits	Total tuition fee
01	Bachelor Programme in Computer Science And Engineering, specialization in Internet of Things	Computer Science, Computer Technology, Computer Technology	180	67,500 SEK
02	Bachelor Programme in Software Development	Computer Science	180	67,500 SEK

University West

SL. No	Master Programme for Autumn	Subject Areas	Credits	Tuition fee per semester
1	Performance Studies - Western Art Music	Music	60	95,000SEK
2	Composition Studies - Western Art Music	Music	60	95,000SEK
3	International Business	Business Administration	60	60,000SEK
4	Finance	Economics	60	60,000SEK
5	IT and Management	Computer Science and Engineering, Information Technology, Technology in a Social Perspective	60	60,000SEK
6	Operations and Supply Chain Management	Administration and Management, Industrial Economics, Organisation and Management, International Business Management, Leadership, Organisation and Management, Project Management, Technology	120	65,000SEK
7	Cybersecurity	Computer Science and Engineering	60	65,000SEK
8	Manufacturing Engineering	Engineering Physics, Innovation Technology, Materials Technology, Mechanical Engineering, Product Development, Solid Mechanics	120/60	65,000 SEK
9	Software Engineering	Computer Science and Engineering, Technology	60	65,000 SEK
10	AI and Automation	Automation Technology, Embedded systems, Robotics, Signal processing	120/60	65,000 SEK
11	Electromechanical Vehicle Engineering (1 year)	Electrical Engineering, Electronics, Mechanical Engineering, Technology	60	65,000 SEK

12	Electromechanical Vehicle Engineering (1 year) Distance with meetings on campus	Electrical Engineering, Electronics, Mechanical Engineering, Technology	60	50,000 SEK
13	Robotics and Automation	Automation Technology, Computer Technology, Materials, Construction and Manufacturing, Mechanical Engineering, Technology	120/60	65,000 SEK
14	Robotics and Automation (1 year) Distance with meetings on campus	Automation Technology, Computer Technology, Materials, Construction and Manufacturing, Mechanical Engineering, Technology	60	50,000 SEK
15	Robotics and Automation (2 years) Distance with meetings on campus	Automation Technology, Computer Technology, Materials, Construction and Manufacturing, Mechanical Engineering, Technology	60	50,000 SEK
16	Welding Technology	Materials, Construction and Manufacturing, Materials Technology, Mechanical Engineering, Technology	120	65,000 SEK
17	Work Integrated Political Studies	Development Studies, Global Studies, Human Rights, Political Science, Social Science and Behavioural Science	120	60,000SEK
18	Leadership in Digitised Organisations	Social Science and Behavioural Science, Technology	120	60,500SEK
19	Sustainable Development	Social Science and Behavioural Science	120	60,000SEK
	Bachelor Programme for Autumn			
1	International Programme in Politics and Economics - IPPE	Economics, Political Science, Social Science and Behavioural Science	180	52,500 SEK

Mälardalen University

SL. No	Master Programme for Autumn	Subject Areas	Credits	Tuition fee per semester
01	Intelligent Embedded Systems	Computer Science, Computer Science and Engineering, Computer Technology, Embedded systems	120	67,500 SEK
02	Environmental Engineering for Sustainable Development	Environmental Techniques and Energy Technology, Natural Science, Technology	120	67,500 SEK
03	Software Engineering	Computer Science, Computer Science and Engineering, Computer Technology	120	67,500 SEK
04	Sustainable Energy Systems	Automatic Control, Environmental Techniques and Energy Technology, Fluid Mechanics, Mechanical Engineering	120	67,500 SEK
05	Financial Engineering	Finance, Mathematical Statistics, Mathematics	120	67,500 SEK
06	Global Strategy and Management	Business Administration	120	49,250 SEK
07	International Marketing	Business Administration, Business Administration and Economics, International Business Management, Marketing	60	49,250 SEK
08	Product and Process Development - Production and Logistics	Business Administration, Economics, Logistics, Mechanical Engineering, Product Development	120	67,500 SEK
09	Innovation and Design	Design, Entrepreneurship, Industrial Economics, Organisation and Management, Information Technology, Innovation Technology, Leadership, Organisation and Management, Mechanical Engineering Mechanical Engineering, Product Development, Solid Mechanics	120	67,500 SEK
10	Engineering Mathematics	Logic, Mathematical Statistics, Mathematics , Numerical Analysis	120	67,500 SEK

	Bachelor Programme for Autumn			
01	Analytical Finance	Economics, Finance, Mathematical Statistics, Mathematics	180	57,500 SEK
02	International Business Management	Business Administration, Business Administration and Economics, International Business Management, Leadership, Organisation and Management, Social Science and Behavioural Science	180	49,250 SEK
03	Chamber Music - Keyboard instruments	Music, Musicology, Operatic Stagecraft	180	120, 000 SEK
04	Chamber Music - String Instrument	Music, Musicology, Operatic Stagecraft	180	120, 000 SEK
05	Chamber Music - Wind instruments	Music, Musicology, Operatic Stagecraft	180	120, 000 SEK
06	Chamber Music - Song	Music, Musicology, Operatic Stagecraft	180	120, 000 SEK

Linnaeus University
